

2018 - 2019

Local School Plan for Improvement

Alton C. Crews Middle School

Dr. Stacey Schepens, *Principal*

Dr. Gwen Tatum, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

One hundred percent of Crews Middle School students will achieve Proficient Distinguished in English language arts, mathematics, and high school physical science objectives as measured by state assessments by Spring 2020.

- o **Annual Goal**

Crews Middle School language arts students will, by the end of the 2018-2019 school year, increase the percentage of 6th grade students scoring in the Proficient and Distinguished performance levels on the End of Grade assessment to at least 73% in 6th grade, in 7th grade to 74% and 8th grades to 76%.

- o **Annual Goal**

Crews Middle School mathematics students will, by the end of the 2018-2019 school year, increase the percentage of students scoring in the Proficient and Distinguished performance levels on the End of Grade assessment in 6th grade to 78% and in 7th grade to 80%. In 8th grade, the combined percentage of students scoring in the Proficient and Distinguished categories on the End of Grade Math and End of Course Algebra assessments should be 82%.

- o **Annual Goal**

Crews Middle School 8th grade students will, by the end of the 2018-2019 school year, increase the combined percentage scoring in the Proficient and Distinguished categories on the End of Grade Science and End of Course Physical Science to 74%. The percent of social studies students scoring in the Proficient and Distinguished categories on the End of Grade assessment will increase to 77%.

- **Long Term Goal**

One hundred percent of Crews Middle School students will meet typical or high growth as measured in the Progress section of the College and Career Readiness Performance Index by Spring 2020.

- o **Annual Goal**

Crews Middle School students will, by the end of the 2018-2019 school year, increase the percentage of students scoring in Proficient and Distinguished performance levels on all county district assessments for language arts, mathematics, science, and social studies by 3 percentage points. The average district assessment score should be in the top 6 of Gwinnett County middle schools. Additionally, all students in all content areas will demonstrate mastery on locally created common assessments.
