

Get ready to **BRANCH OUT** this school year!

School media centers in Gwinnett County Public Schools (GCPS) are full of great resources for students, and access to even more resources is on the way! A new partnership between GCPS and the Gwinnett County Public Library (GCPL) will help students **BRANCH OUT!** academically.

Students who opt in to the **BRANCH OUT!** program will have full access to the print and digital resources of the county library system at any one of 15 branches around Gwinnett and online.

Families can **pre-register** for the new program during back-to-school activities by completing this permission form or by opting in during GCPS online registration. Once pre-registered accounts are activated in September, students will be able to use their GCPS student ID number and a PIN for access to the library system's print collection, research materials, digital resources, audio books, and more!

Note: *If families opt in after the pre-registration period, they should allow one week from returning this form or "checking the box" online before a student will have access to his or her county library account.*

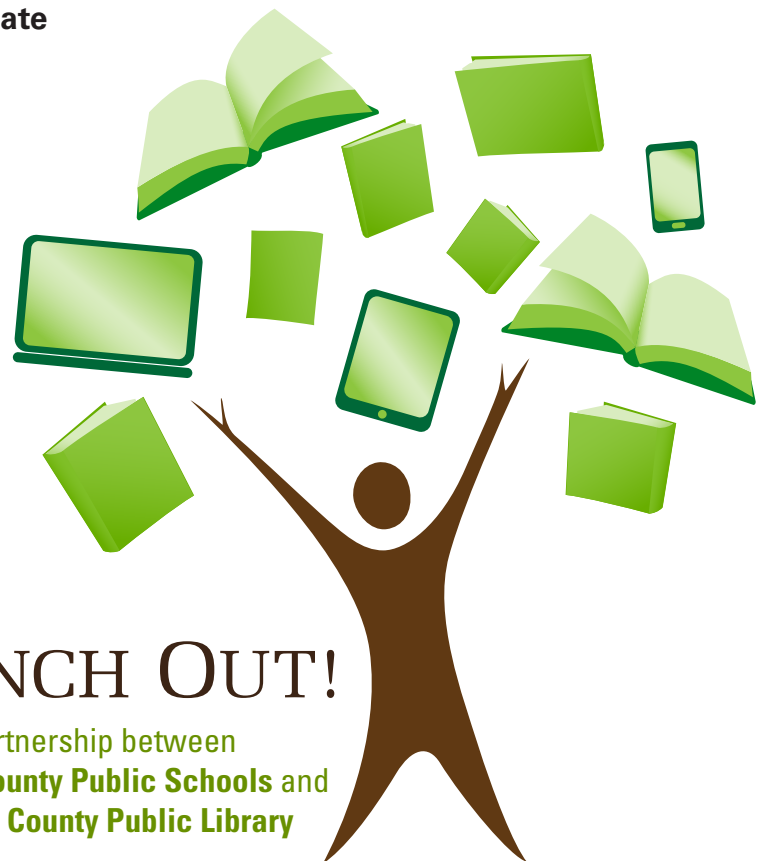

**Yes! My student has permission to participate
in the BRANCH OUT! program.**
