

Accountability Report

Issued 2019–20

GIVE Center East

Dr. Brandon Bell, *Principal*

Debbie Dees, *Assistant Superintendent*

About GIVE (Gwinnett InterVention Education) Center East

GIVE Center East is one of two GCPS alternative schools. GIVE East serves 26 traditional schools with a variety of programs. The mission of GIVE Center East is to meet the unique academic, social, and emotional needs of our students in a safe and structured environment that builds a strong foundation for lifelong learning.

The GIVE Center is committed to providing a world-class education in an alternative setting. The staff at GIVE Center East provides every student with needed academic and behavioral interventions. We operate on the understanding that appropriate behavior and strong academics work together to ensure students are prepared for success as they pursue postsecondary and career opportunities after high school graduation.

The GIVE Center is a unique institution that offers academic opportunity to students whose behaviors have precluded them from attending the traditional school. In addition to awarding academic credit, the staff at GIVE East works diligently to identify and address the individual deficiencies of each student.

The ultimate goal of the GIVE Center is to provide each student with the tools and skills needed to transition seamlessly back to the home school in better academic and behavioral standing than when the student arrived at GIVE East.

Individual needs are addressed through a variety of scheduling strategies and options, including block courses, trailer courses,

self-paced course acceleration, course recovery support, credit recovery support, academic support courses, and New Hope Academy.

The faculty and staff are driven by the belief that working at GIVE East is a privilege, understanding that they must go above and beyond normal duties and responsibilities to best support the at-risk population that GIVE serves. Having a unified and dedicated staff that believes every student can learn is crucial to the success of each student in the academic and postsecondary setting.

Employees at GIVE are committed to lead, teach, counsel, and serve each student and parent with a sense of urgency that is necessary for the GIVE environment. Every moment that is spent with the students of GIVE must be approached as a valuable teaching opportunity.

The GIVE Center East leadership team is committed to ensuring that every student enrolled is provided with a world-class education in a safe and secure environment. Through creativity, innovation, and research-based practices, our leadership team works to provide staff and students with the information, tools, and training that result in highly engaging teaching and authentic learning. The leadership team is committed to forming a cohesive, empowered staff that operates to serve the best interests of our children.

Local school improvement connected to district's strategic direction

Gwinnett County Public Schools' accountability system for improving schools is called the Results-Based Evaluation System (RBES). RBES fairly and systematically measures a school's progress, providing a process that clearly communicates expectations; reviews, monitors, and supports school performance; and evaluates that performance. This report reflects achievement data and state data reporting from the 2018–19 school year, as well as consolidated information on the school's effectiveness, based on multiple measures and student characteristics. Using the data in this report, school administrators, teachers, and parent advisory groups developed this year's Local School Plans for

Improvement (LSPI) which outline our improvement goals and guide the work we will do throughout the 2019–20 school year to support student learning. These improvement plans are connected to the school district's strategic direction and our core business of teaching and learning. Find our school's LSPI on the website. The GIVE Center East school council and school leaders collaborated on the highlights in this accountability report, which also serves as the school's annual report.

Please review this report to learn more about our improvement efforts and progress.

GIVE Center East

Other 2018–19 Highlights...

- Every GIVE Center East student is given an individualized schedule and long-term plan, ranging from one year to graduation. In determining a student's plan, we consider academic history and current placement as well as specific aspects of the education program at the student's home school such as block schedule and whether the home school is organized by academies. A unique plan is created for each student so that he or she is put in the best possible situation to succeed and make a smooth transition between GIVE East and the home school.
- New Hope Academy helps students recover or accelerate their GCPS coursework with the opportunity to earn both high school and college credit through dual enrollment. New Hope also acts as the accountability and support system for students who are unable to be served as a traditional GIVE East student.
- Our dual-enrollment program is offered in partnership with Gwinnett Technical College. Students prepare for and take the ACCUPLACER, an untimed, computer-based test that helps colleges evaluate reading, writing, and mathematics skills in order to place students in appropriate courses. GIVE staff members assist New Hope Academy students as they complete the application process and register for Gwinnett Tech courses.
- A group of 26 GIVE Center East Work-Based Learning students successfully gained work experience, honed leadership skills, and explored career and college opportunities with the support of key community organizations such as the Bridge Academy, the Aviation Institute of Maintenance, and Year Up.
- The re-teaching of expected behaviors and social-emotional support occur through the Orientation Training Center (OTC). During Tier II interventions (restorative practices), students participate in a series of exercises dealing with anger management, coping skills, problem-solving, goal-setting, conflict avoidance, positive relationship-building, and life skills. Intensive one-on-one behavior intervention (Tier III) includes check in/check out, classroom observations, daily mentoring meetings for two to three weeks, and anecdotal behavior assessments for special education students who have a Behavioral Intervention Plan.

School Safety Perceptions

Based on responses from those with an opinion who responded to the 2018–19 RBES Perception Survey...

- 84.5% of students agreed or strongly agreed that they felt safe at GIVE Center East.
- 92.9% of parents agreed or strongly agreed that their child's school was safe.

- Middle schools students who are over-age and not on track for on-time high school graduation are served through GEAR UP for Graduation. The GEAR UP program provides opportunities for students to complete both 8th and 9th grade coursework in one year. With accelerated instruction and targeted support, 8th graders who have fallen behind have the opportunity to catch up to their peers, enter high school as 10th graders, and get back on track toward their goal of on-time graduation. Students take online courses, participate in a Study Skills period, and take courses to earn high school credit.

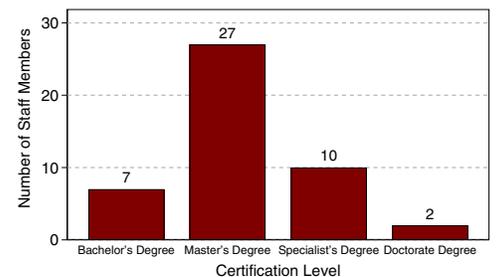

Student Data (2016–17 to 2018–19)

	School Year		
	16–17	17–18	18–19
