

Accountability Report

Issued 2017–18

Duncan Creek Elementary School

Carrie Yougel, *Principal*

Dr. Donna Ledford, *Assistant Superintendent*

Local school improvement connected to district's strategic direction

Gwinnett County Public Schools' accountability system for improving schools is called the Results-Based Evaluation System (RBES). RBES fairly and systematically measures a school's progress, providing a process that clearly communicates expectations; reviews, monitors, and supports school performance; and evaluates that performance. This report reflects achievement data and state data reporting from the 2016–17 school year, as well as consolidated information on the school's effectiveness, based on multiple measures and student characteristics. Using the data in this report, school administrators, teachers, and parent advisory groups developed

this year's Local School Plans for Improvement (LSPI) which outline our improvement goals and guide the work we will do throughout the 2017–18 school year to support student learning. These improvement plans are connected to the school district's strategic direction and our core business of teaching and learning. Find our school's LSPI on the website. The Duncan Creek school council and school leaders collaborated on the highlights in this accountability report, which also serves as the school's annual report. **Please review this report to learn more about our improvement efforts and progress.**

About School Improvement and the School Effect

2016–17 Results

2016–17 State Reporting

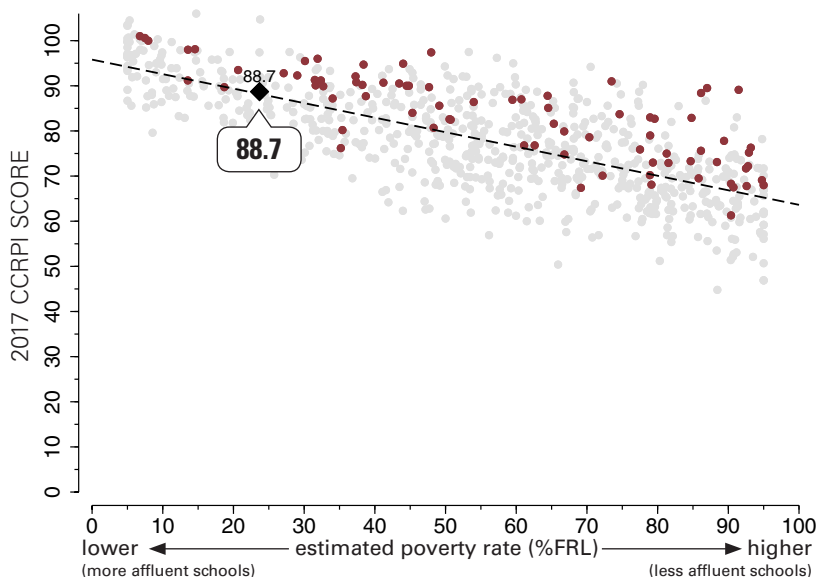

2016–17 Highlights

The School Effect: Putting Duncan Creek Elementary School's CCRPI score in context

The “school effect”— the impact of what happens in the classroom— acknowledges the work of our faculty and staff in meeting our students where they are academically, and helping them to make progress, no matter where they start. Schools all strive to add value to a child's education from year-to-year, causing students to make academic gains. One way to measure effectiveness in educating *all* students is to review a school's score on Georgia's College and Career Ready Performance Index (CCRPI), adjusting for the level of poverty at the school, to see the school effect on students' academic growth.

This graphic representation plots CCRPI scores for elementary schools in the state (gray dots) against the percentage of the student population receiving free-and-reduced-lunch (FRL Percentage), a measure of poverty. The plotted points form a trend line representing the typical achievement level of a school in Georgia with its level of student poverty. The graph shows how Duncan Creek (represented by a large black diamond) and all GCPS elementary schools (maroon dots) fare when considering expected performance based on poverty measures. Dots above the line are higher-than-expected scores and dots below the line reflect lower-than-expected scores. *Note: Georgia schools that serve breakfast and lunch to all students at no cost are not included in this comparison.*

2016–17 Results: Georgia Milestones Assessment System

Georgia Milestones for Grades 3, 4, and 5

Last spring, Gwinnett students joined students across Georgia in taking state assessments called Georgia Milestones. This comprehensive assessment system measures how well students have learned the knowledge and skills outlined in the state-adopted content standards.

In May of 2017, students in grades 3 through 8 took an End of Grade (EOG) assessment in English language arts and mathematics while students in grades 5 and 8 also were assessed in science and social studies.

The higher bar for student proficiency set by Georgia Milestones is aimed at better preparing students for college and career and providing a more realistic picture of academic progress.

To learn more about Georgia Milestones, visit testing.gadoe.org and click on Georgia Milestones Assessment System.

About Milestones Achievement Levels

The Milestones results are reported using four categories of achievement, described below. In previous state tests, achievement was reported in three categories (Does Not Meet, Meets, and Exceeds). Under the new system of reporting, proficiency is the target.

The tables on this page show the percentage of students who achieved at the level of **Proficient Learner** or higher. Students who achieve at the Developing Learner or Beginning Learner need additional academic support to succeed at the next grade level.

Distinguished Learner: Student demonstrates advanced proficiency, and is **well prepared for the next grade level** and for college and career readiness.

Proficient Learner: Student demonstrates proficiency, and is **prepared for the next grade level** and considered to be on track for college and career readiness.

Developing Learner: Student demonstrates partial proficiency, and **needs additional academic support** to ensure success in the next grade level.

Beginning Learner: Student does not yet demonstrate proficiency, and **needs substantial academic support** to be prepared for the next grade. (In the future, when these assessments are used to determine promotion, students in this level will not be promoted to the next grade.)

English Language Arts

Grade	Duncan Creek	GCPS	Georgia
3rd	61.2	43.2	36.1
4th	58.7	50.5	41.6
5th	64.9	46.3	38.2

Science

Grade	Duncan Creek	GCPS	Georgia
5th	57.8	49.0	39.4

Mathematics

Grade	Duncan Creek	GCPS	Georgia
3rd	62.6	52.3	42.5
4th	66.0	57.1	44.7
5th	60.9	47.2	37.1

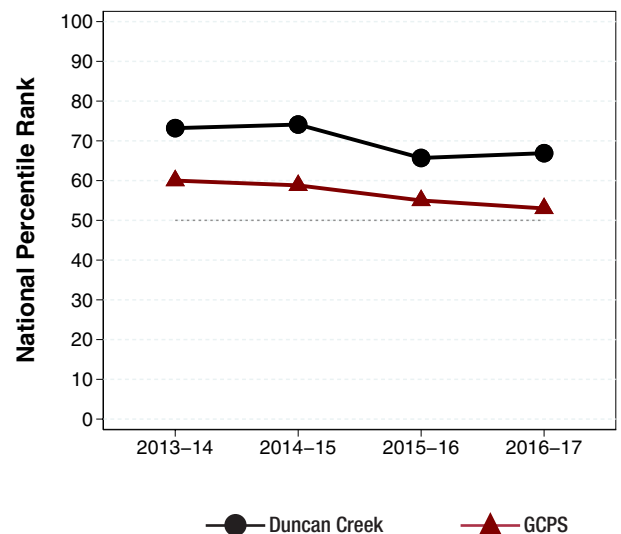

Social Studies

Grade	Duncan Creek	GCPS	Georgia
5th	45.3	40.0	29.5

The tables on this page show the percentage of students who achieved at the level of Proficient Learner or higher.

2016–17 Results: Norm-referenced Assessments: The Iowa Assessments

The Iowa Assessments measure a student's progress in key academic areas and allow for a comparison of their performance to that of students across the U.S. This nationally norm-referenced test was administered in Gwinnett in grades 2 and 5 in 2016–17. Results from the fall administration help identify students' areas of academic strength as well as areas that need improvement. Teachers and schools use these results during the school year to inform instruction and monitor growth. The Complete Composite results to the right reflect overall performance on tests covering a variety of skill areas, including reading, spelling and other language arts conventions, vocabulary, mathematics, science, and social studies. This graph shows the national percentile rank (NPR) of 5th graders' Complete Composite scores at Duncan Creek Elementary and for GCPS as a whole over the last four years. An NPR of 50 marks typical achievement on the Iowa Assessments, and is represented by the dotted line in the graph to the right. For example, a Complete Composite NPR of 60 indicates that students at a school, on average, scored as well as or better than students at 60% of U.S. schools on the test.

2016–17 State Reporting: Georgia’s College and Career Ready Performance Index (CCRPI)

College and Career Ready Performance Index (CCRPI) is Georgia’s statewide accountability system. CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students.

The index measures progress on accountability indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. For 2016–17, schools may earn up to a set number of points in three main categories

(achievement, progress, and achievement gap), for a total of 100 possible points, with an additional 10 possible challenge points.

At the elementary school level, schools earn CCRPI achievement points tied to a number of factors, including the percentages of students meeting or exceeding standards on state assessments, the percentage of students reading at grade level, the percentage of students missing six or fewer days during the school year, the percentage of students learning English who are making academic progress, the percentage of students with disabilities who participate in the general education setting, and the percentage of students scoring in the Proficient Learner or Distinguished Learner achievement levels on the Georgia Milestones assessment.

Progress points are tied to the level of academic progress students make from year to year, while achievement gap points are earned as schools work to close the gaps between student subgroups. Challenge points reflect a school’s participation levels and achievement results for students with economic disadvantages (ED), English learners (EL), and students with disabilities (SWD).

In addition, schools may earn challenge points when they “exceed the bar” for participation levels in world languages and fine arts courses. Schools in which teachers use data for planning individualized instruction and those with STEM certification may earn extra points as well. Innovative practices with demonstrated achievement gains as well as interventions that result in a positive school climate also may earn challenge points.

	Duncan Creek	GCPS	Georgia
CCRPI Total Score (out of 110 possible points)	88.7	82.3	72.9
Achievement Points (out of 50)	39.2	34.5	31.3
Progress Points (out of 40)	36.4	36.6	34.3
Achievement Gap Points (out of 10)	8.3	6.7	6.7
Challenge Points (out of 10)			
ED/EL/SWD Performance– 3.8	4.8	4.5	0.6
Exceeding the Bar– 1.0			
<i>CCRPI Total Score is the sum of points in gray shaded cells.</i>			

Star Ratings

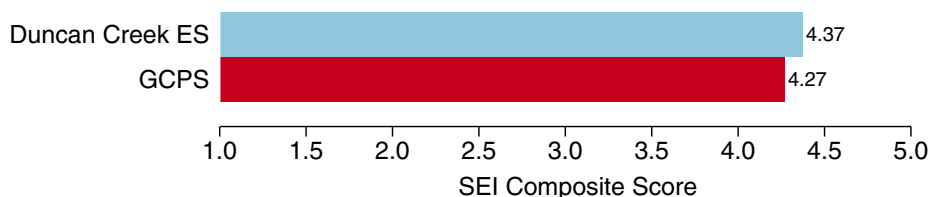

Under CCRPI, schools are awarded star ratings in two areas— school climate and financial efficiency— using a five-star scale. Ratings range from a half-star to five stars.

- **The School Climate rating** takes into account discipline and attendance data as well as perceptions of the quality and character of the school and its learning environment.
- **The Financial Efficiency rating** is a measure that compares a school’s spending per student to the overall academic performance of its students. The rating is calculated using three-year averages of spending and CCRPI scores.

The School Climate and Financial Efficiency ratings for 2016–17 were not published at the time 2017 CCRPI results were released in fall. Once available, parents can find them here: <http://www.gadoe.org/CCRPI/Pages/default.aspx>

Student Engagement

The Student Engagement Instrument (SEI) is a survey used to measure how engaged students are at school and with learning. When taking the SEI, students respond to items that cover a variety of topics related to their engagement in their education, including the level of support they receive from teachers, peers, and family, as well as their perceptions of school work and future educational goals. We measure student engagement at GCPS because it is related to important outcomes such as on-time graduation and postsecondary success. The bar graph below shows the average SEI Composite Score— a summary of a student’s responses across all items on the SEI— for Duncan Creek Elementary School compared with an average of results for all GCPS elementary schools. The Composite Score can range from 1.0 to 5.0, with higher scores reflecting stronger student engagement.

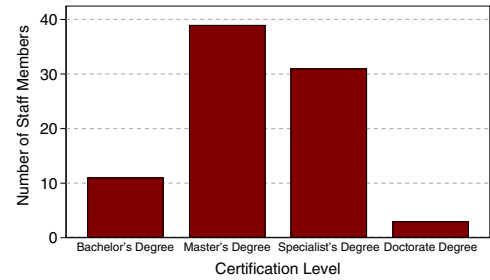

Duncan Creek Elementary School

Other 2016–17 Highlights...

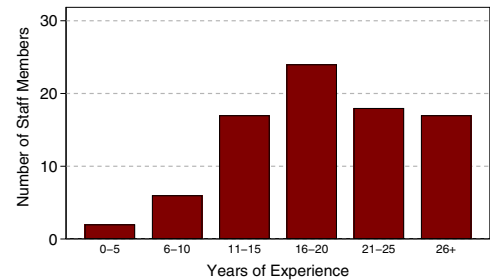

- We are proud of the ways our school prioritized giving back to the community. The school's Relay For Life team raised more than \$13,800, while our United Way campaign raised more than \$5,000. Several food and coat drives were held to support our local community and our Student Fun Run raised more than \$53,000.
- The PTA continued to support our instructional programs through the proceeds from Family Bingo Night, Book Fairs, Spring Carnival, and our Fun Run.
- The PTA also offered many other events to promote our school and community, including Night Under the Stars, Reflections Contest, Cultural Arts Programs, Spring Carnival, Father/Daughter Dance, Mother/Son Bowling, School Yearbook, and Welcome Tours.
- Duncan Creek Counselors implemented the Be At School Every Day (BASE) program, to promote and celebrate attendance.
- Enrichment opportunities included Chess Club, Coding Club, Tumbling Team, Duncan Creek Cardinal Choir, Student Council, the Accelerated Reader program, and Continental Mathematics League.
- Our Relay For Life team sponsored a unique fundraising opportunity with our "Kiss A Pig" contest. The students made donations in order to vote for selected staff members to participate.
- Duncan Creek hosted the 14th annual Night Under the Stars. Students, teachers, and families spent quality time together and increased community involvement and camaraderie.
- Duncan Creek hosted a Literacy/STEAM (Science, Technology, Engineering, Art, and Mathematics) Night.
- The following interventions were available for students needing additional opportunities to master the curriculum: Response to Intervention (RTI), "Rocket Reader" Literacy Volunteers, Early Intervention Program (EIP), and after-school tutoring. Web links also were provided as resources for parents to use at home in supporting their children academically.
- The DCNN video news program provided daily reviews of our school's mission statement, encouraged patriotism, and inspired good citizenship through an awareness of character traits.
- The Georgia Department of Education recognized Duncan Creek Elementary as a 2016 Beating the Odds School for performing better than statistically expected on the College and Career Ready Performance Index (CCRPI) for the 2015–16 school year.

School Safety Perceptions

Based on responses from those with an opinion who responded to the 2016–17 RBES Perception Survey...

- 94.0% of students agreed or strongly agreed that they felt safe at Duncan Creek Elementary.
- 99.0% of parents agreed or strongly agreed that their child's school was safe.

The mission of Gwinnett County Public Schools is to pursue excellence in academic knowledge, skills, and behavior for each student, resulting in measured improvement against local, national, and world-class standards.
