

# Your Guide to eCLASS...

## Where to Find eCLASS Resources

### Resources for Students

#### MYeCLASS

The MYeCLASS Student Portal provides students with access to a number of resources, including:

- **C&I Course Pages** that extend class online with information about assignments, a place for discussions, and other resources to help students. Students also can communicate with their teachers directly through the course pages.
- **eTextbooks** that correspond to the individual student's class schedule. (Not all textbooks are available on the portal at this time.)
- A **Media Catalog** specific to each school that includes Top 10 Books, Resource Lists, and New Arrivals.
- An **Online Research Library** that includes general reference materials, eBooks, and databases full of learning resources that are organized by school level (elementary, middle, and high school).
- **Additional digital resources**, such as links to websites (for example, Classworks, SAFARI, and level readers) that support what students are learning.
- **Grades for classes in student's current class schedule**, plus drill-down specifics on assignments.

All MYeCLASS resources are available with a single sign-on. Students log into MYeCLASS using their GCPS student number and the password they create at the beginning of the school year.

(If a student doesn't remember his or her password or does not have one, he or she should ask the teacher for help.)

#### Bring Your Own Device (BYOD)

Through our eCLASS initiative, all Gwinnett schools have received a wireless Internet upgrade to support local school BYOD initiatives. Instructional activities can be enhanced when students bring their own personal devices (cell phones, tablets, laptops, eReaders, etc.) to class. GCPS encourages students to take advantage of the school system's BYOD policy, **but participation is not required**.

Ask your child's teacher about use of personal devices in class or go to the school system's website for more about BYOD in GCPS.

### Resources for Parents

#### Parent Portal

Maintaining the home-school connection is even easier using the Parent Portal. On the portal, you can:

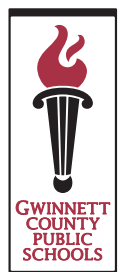

- **Find scores/grades** for projects, tests, homework, and quizzes for current courses, including missing work;
- Access an overview of your student's **grades, attendance, discipline record, and program information**;
- See your student's **course history**;
- Review your student's **results on standardized tests**;
- **Email your student's teacher**;
- Find information about your student's **textbooks and library materials** (and any related fines or refunds);
- Check your student's current **MyPaymentsPlus balance information** (lunch balance, etc.); and

- **Update some of your child's information**, including emergency contacts and parent/guardian phone numbers.

You may access your student's C&I course pages using the student's MYeCLASS log-in. Have your student log in and give you a tour of the Student Portal and his or her course pages!

*To open a Parent Portal account, complete the registration form available at your child's school. This form must be returned in person to allow the school to verify your identity.*
