## Local School Plan for Improvement

### JORDAN MIDDLE

Melissa E Walker, *Principal*

Dr. Gwen Tatum, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

We will build our parents' capacity to support their children's academic achievement by implementing the activities identified in the Parent Involvement Policy and School/Parent Compact.

- **Long Term Goal**

Jordan Middle School will increase the percentage of students scoring in the "proficient" or "distinguished" range on the Georgia Milestones Assessment for English/Language Arts and Mathematics to 100% in 2019-20.

- o **Annual Goal**

Jordan Middle School will have at least 80% of their students scoring in the developing, proficient and distinguished performance band on GCPS Interim and Post Assessments in Language Arts, Mathematics, Science, and Social Studies. At least 40% of students will score in the distinguished and proficient band on the district assessment by May 2018.

- **Long Term Goal**

Jordan Middle School students will demonstrate mastery in mathematics and science with 100% of students scoring in the "proficient" or "distinguished" range on the Coordinate Algebra I and Physical Science EOC State Assessment in 2019-20.

- o **Annual Goal**

Jordan Middle School will have all of the students (100%) enrolled in Algebra I, Accelerated Algebra I, and 9th Grade Physical Science score in the developing, proficient, and distinguished range (Post 1 and Post 2). By May 2018, at least 80% of all the students enrolled will score proficient and distinguished range on the EOC Algebra I.
