

# New Schools Built by E-SPLOST

For every taxable dollar spent in Gwinnett County, a penny goes toward building schools and classrooms for children and providing technology to support teaching and learning. Gwinnett County Public Schools began collecting a penny in sales tax to benefit schools on July 1, 1997. Since then, the sales tax has been put to good use, providing, as promised, much-needed classrooms for Gwinnett's growing student population.

## So, what schools have been built with E-SPLOST (education special purpose local option sales tax) funds?
