## **More than 500 GCPS retirees set to seek new horizons**

As the 2018–19 school year comes to a close, **514** veteran educators and support staff members will mark their retirement from Gwinnett County Public Schools (GCPS). In total, our 2018–19 retirees have contributed a collective **12,399** years of their lives to education, and a total of **9,963** years to Gwinnett schoolchildren. In fact, **56.4% (289)** of our retirees have worked their entire careers— in the classroom, office, cafeteria, bus, or shop— in this school system.

Among this year’s retirees, **152** have 30 or more years of service in education, **23** have invested 40 or more years in education, and one retiree has 48 years in education! (The names of those with 40+ years are marked with an asterisk.) Our retirees include **one** executive director; **eight** principals; veteran central office leaders; a number of longtime support staff members; and many administrators, classroom teachers, counselors, and media specialists. Whatever their post-retirement plans, best wishes go with all of our retirees, along with our thanks for their service to Gwinnett County Public Schools.

This list reflects the 513 retirees who announced their plans by May 3, and includes only those retirees who approved their names to be shared when they completed the GCPS Retirement Office questionnaire. A number of retirees chose not to have their names included in this list. The years of service are self-reported by the retirees. The 2018-19 retirees for GCPS are:
