## Local School Plan for Improvement

### Mill Creek High School

Jason Lane, *Principal*

Dr. Reuben Gresham, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

Mill Creek High School will increase its 4-year cohort graduation rate to 95% and the 5-year extended graduation rate to 96% by the end of the 2020-2021 school year.

- o **Annual Goal**

Mill Creek High School will increase its 4-year cohort graduation rate to over 94% by the end of the 2019-2020 school year and the 5-year extended graduation rate to 95%. Mill Creek will also reduce the number of off track students in each graduating class through interventions, academic support, and teacher training on best practices.

- **Long Term Goal**

Mill Creek High School will increase its student achievement for ALL students in the areas of LA, Math, Science, and Social Studies as measured by the CCRPI.

- o **Annual Goal**

Mill Creek High School will increase its academic performance in all core subjects for all students in regards to meeting and exceeding annual targets as measured by the College and Career Readiness Performance Index (CCRPI) and the district's Weighted School Assessment (WSA). The objective will be to increase the overall CCRPI rating for 2019-2020. Likewise, the school will look to increase the academic performance measures of its WSA in the areas of student performance (SP) by 2 points and school performance in context (SPC) by 4 additional points.
