## Local School Plan for Improvement

### W. C. Britt Elementary School

Melissa D Madsen, *Principal*

Joe Ahrens, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

Britt Elementary will demonstrate increased academic performance in the skills necessary for English Language Arts and Mathematics by increasing the percentage of students performing in the Distinguished and Proficient categories of the Georgia Milestones End of Grade Assessments to 65%.

- **Annual Goal**

At least 50% of students enrolled at Britt Elementary in first and second grades will score in the proficient or distinguished categories on the end of the year District or Student Performance Goal Assessments in language arts and mathematics while at least 50% students enrolled in third, fourth and fifth grades will score in the proficient or distinguished categories on the Georgia Milestones Assessment in language arts and mathematics. 20% of all students in each grade level will score in the distinguished range on the corresponding District Assessments, Student Performance Goal Assessments or Georgia Milestones Assessments in language arts and mathematics.

- **Long Term Goal**

The South Gwinnett Cluster will measure beyond the state of Georgia's highest performance level, by five percentage points for math, as measured by the Georgia Milestones Assessment System, in grades 3-8, Coordinate Algebra and Analytical Geometry.

- **Long Term Goal**

We will build our parents' capacity to support their children's academic achievement by implementing the activities identified in the Parent Involvement Policy and School/Parent Compact.
