## Local School Plan for Improvement

### Dr. M. H. Mason Jr. Elem School

David Jones, *Principal*

Dr. Clay Hunter, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

Students at Mason Elementary will maximize their level of growth and achievement in Reading and English/Language Arts as indicated by five percent annual increases of students scoring in the Proficient/Distinguished Learner Ranges on the Georgia Milestones Assessment (GMAS) over each of the next five years through 2023.

- o **Annual Goal**

During the 2018-2019 school year, the number of students in each grade level cohort who score in the Proficient or Distinguished Learner Range on the District Assessments for Literacy and Social Studies will increase by five percentage points or more over the prior year.

- **Long Term Goal**

Students at Mason Elementary will maximize their level of growth and achievement in Mathematics as indicated by five percent annual increases of students scoring in the Proficient/Distinguished Learner Ranges on the Georgia Milestones Assessment (GMAS) over each of the next five years through 2023.

- **Long Term Goal**

Students at Mason Elementary will maximize their level of growth and achievement in Science as indicated by five percent annual increases of students scoring in the Proficient/Distinguished Learner Ranges on the Georgia Milestones Assessment (GMAS) over each of the next five years through 2023.

- o **Annual Goal**

During the 2018-2019 school year, the number of students in each grade level cohort who score in the Proficient or Distinguished Learner Range on the District Assessments for Science and Math will increase by five percentage points or more over the prior year.
