

2017 - 2018

Local School Plan for Improvement

Pharr Elementary School

Lisa K Rhodes, *Principal*

Terry Watlington, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

• Long Term Goal

By 2021, 95% of Pharr students will score in the Proficient performance level with 60% scoring in the Distinguished Learner range on the Georgia Milestones Assessment for English Language Arts with 99% of students scoring at or above grade level in reading.
