VOLUME 38, NUMBER 8

SPECIAL RETIREMENT ISSUE – MAY 2018

This issue of *Education Briefs* recognizes the contributions of Gwinnett County Public Schools retirees. In the next few pages, you'll find the names, locations, and years of service for **522** employees— including several who retired last summer or during the school year. This list reflects retirees who announced their plans by **May 3**, and includes *only* those retirees who requested to be part of the issue when they completed the GCPS Retirement Office questionnaire. A number of retirees chose not to be included. The years of service are self-reported by the retirees.

More than 500 retirees set to seek new horizons

As the last bell rings for the 2017–18 school year, **522** veteran educators and support staff members will mark their retirement from Gwinnett County Public Schools (GCPS). In total, our 2017–18 retirees have contributed a collective **12,813** years of their lives to education, and a total of **10,204** years to Gwinnett schoolchildren. In fact, **55% (285)** of our retirees have worked their entire careers— in the classroom, office, cafeteria, bus, or shop— in this school system. Among this year's retirees, **180** have 30 or more years of service in education and, of those, **19** have invested 40 or more years in education. (The names of those with 40+ years are marked with an asterisk in the column to the left side of each page.) **Two** retirees have 50 or more years in education, including **Shirley Rose**, a Stellar Substitute with 50 years, and **Bill Hinckle**, a Bus Manager with 51 years! Our retirees include **four** principals; veteran central office leaders; a number of longtime support staff members; and many administrators, classroom teachers, counselors, and media specialists. Whatever their post-retirement plans, hearty congratulations are in order to all of our retirees, along with our thanks for their service to Gwinnett County Public Schools.

Congratulations to this year's GCPS retirees!
