GCPS' Parent Portal: The go-to source for Gwinnett parents

In today's information age, a wide variety of information is available at your fingertips. GCPS' go2 Parent Portal serves as a valuable resource for information about your child and his or her academic career, all on a secure connection. With the portal, you can access key school information, safely and securely, anytime from anyplace... all you need is a computer with Internet access and a user ID and password.

New in 2012, you can review summary information about your student's library materials and textbooks (and any related fines or refunds) as well as the current balance in your student's MyPaymentsPlus account.

On the Portal, you also can:

- Find scores/grades for projects, tests, homework, and quizzes for current courses, including missing work;
- Access an overview of your student's grades, attendance, discipline record, and program information;
- See your student's course history; and
- Review your student's results for standardized tests, with links for more information about the tests.

If you haven't registered for the Parent Portal, don't miss out. Contact your local school for details.

Frequently Asked Questions About GCPS' Parent Portal

What is the Parent Portal?

Gwinnett County Public Schools' Parent Portal offers parents and guardians online, timely, and secure access to their child's grades and attendance. It also includes details on the child's discipline record and test history. In a nutshell, the Parent Portal is an easy-to-use communication tool that allows you to take an even more active role in your child's education.

How do I sign up?

Complete the registration form available at your child's school. You must return this form in person to allow the school to verify your identity.

- **If you have an e-mail address:** Your e-mail address will serve as your user ID. A few days after returning the form, you will receive an e-mail with the URL for the Parent Portal, directions for activating your account, and a multi-digit number or token that is specific to your child. You will create a password when you complete the online registration.
- **If you do not have an e-mail address:** GCPS will generate a random, 13-digit user ID for you. You will be provided with your user ID, the URL for the Parent Portal, and a multi-digit number or token that is specific to your child.

To complete the registration process, go to GCPS' Parent Portal at go2.gwinnett.k12.ga.us. Click on "Register New Account." In the space provided, enter your e-mail address or GCPS-assigned user ID, select the student date of birth, and copy and paste or enter your child's token. Once you answer questions validating your role as parent/guardian and complete the user agreement, you will be granted access to your child's information through the portal. (Note: You must register each child in your family separately, using the token specific to that child.)

What is required (software/computer) to connect to the Parent Portal?

- A computer with an Internet connection
- An updated web browser (list of supported browsers available in the Parent Portal section of GCPS' web site, Internet Explorer version 6 or higher recommended)
- A user ID— either your e-mail address or a GCPS-issued user ID
- The password you create during the registration process
- A token (multi-digit number) specific to your child. If you have more than one child attending school in Gwinnett, you will register for each child with a different token. With your token, you will receive complete directions for adding additional students to your account.

What can I see on the Parent Portal?

Parents and guardians can access the following information from the home page of the Parent Portal: Attendance, Grades, Course History, Test History, Schedules, Discipline, Book Status, and MyPaymentsPlus Balance.

Are my child's records available for others to see?

No. Only authorized users (parent/guardian) with a user ID and password have access to a student's records. We ask that you keep your user ID and password confidential.

Are grades posted for all grade levels and for all classes?

Current grades for students in grades 2–12 will be posted daily as they are updated by your child's teacher(s). Grades for non-core classes (art, music, PE, etc.) and some special programs may not be recorded until the end of the grading period. Current year course history is available for elementary and middle school students. Full high school history (grades 9–12) also is available for high school students.

What URL address do I use to access the Parent Portal?
go2.gwinnett.k12.ga.us

What should I do if I forget my user ID or password?

- **If you have an e-mail address:** On the log-on page, click on the link labeled "Forget your password?" Another page will display. Enter your e-mail address. If the e-mail address is on file for the student number, your account information will be e-mailed to you. If you are unable to reset your password after completing these steps, contact your local school's main office.
- **If you do not have an e-mail address:** Contact your local school's main office.

How can I get help navigating the portal?

Parents are encouraged to watch the training video available on the school system website. One of the best ways to learn your way around a website is to visit the site and explore it at your own pace.

I didn't receive the activation token/information. What should I do?

Contact the local school.

When can I access the Parent Portal?

The Parent Portal is available to registered parents/guardians 24 hours a day, seven days a week.

Can I access the Parent Portal from anywhere (home, work, library, etc.)?

Yes. Access the Parent Portal from any computer with Internet access.

What do I do if I am unable to connect to the Parent Portal?

- First, check to ensure that your Internet service is working properly.
- Next, validate that you are using the correct user ID and password and URL (go2.gwinnett.k12.ga.us).
- If you still are unable to connect, contact your local school during school hours for additional help.

What do I do if my student's information is not accurate or if I have a question about grade(s) or attendance?

It is always best to contact your child's teacher if you see a discrepancy.

Can I e-mail my child's teacher through the portal?

No. You cannot e-mail your child's teacher through the portal. Continue to use established methods to communicate with the teacher.

How often will the information in the portal be updated?

Much of the information, including attendance and grades, will be updated daily. Test history will be posted as standardized test results become available.

Will parents be notified if there are Parent Portal outages (maintenance, etc.)?

Details regarding planned outages due to maintenance will be posted on the log-in page of the Parent Portal.

Is there a cost associated with the Parent Portal?

No. The Parent Portal is a free service to Gwinnett parents.

I registered for the Parent Portal last spring. Do I need to register again for the new school year? Do I need to re-register if my child moves from one Gwinnett school to another school in the district?

No. Once you have registered on the Parent Portal for access to your student's records, you will remain registered throughout your student's educational career in Gwinnett schools.
