

2017 - 2018

Local School Plan for Improvement

Mountain View High School

Keith A Chaney, *Principal*

Dr. Steve Flynt, *Associate Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

Establish a K-12 standard for rigor resulting in increased participation in and successful completion of accelerated courses. Mountain View High School will increase the number of students attempting the AP exam to 700, the number of test taken to 1200 and the percentage of students scoring 3,4 or 5 to 75% by the 2019-2020 school year.

- o **Annual Goal**

Through Advanced Placement (AP) classes and on/off campus MOWR opportunities, Mountain View High School will increase rigor in the classroom for our students. MVHS will increase the percentage of students scoring 3,4 or 5 on AP exams to 70% for the 2017-18 school year, the number of students attempting AP exams to 750 and the number of exams taken to 1250 in 2017-2018. MVHS will increase the total number of dual enrollment students to 250.

- **Long Term Goal**

Mountain View High School students will be successful according to all indicators of the CCRPI. Mountain View's CCRPI score will improve to 90 and our graduation rate will improve to 95 by the 2019-2020 school year.

- o **Annual Goal**

Mountain View High School will increase the 4-year graduation rate to 93% in 2017-2018.

- **Long Term Goal**

Mountain View High School will improve student achievement across the curriculum for students in all subgroups specifically economically disadvantaged in Math and Language Arts on the Georgia Milestones Assessment by the 2019-2020 school year.

- o **Annual Goal**

Mountain View High School will improve student achievement and literacy for all students to meet and/or exceed baseline targets on the district Gateway writing assessment and the Georgia Milestone Assessment. Specifically for Gateway, the percentage of exceeds will increase by 5 points from 16% (2017 Science) and increase 5 points from 24% (2017 Social Studies). MVHS will increase the percentage of distinguished and proficient learners by 5% in all EOC content areas.
