Crawford & Company® Partners with Meadowcreek High School and United Way of Greater Atlanta for Global Day of Service Project

ATLANTA (October 16, 2019) Crawford & Company®, the largest publicly listed independent provider of claims management and outsourcing solutions to insurance companies and self-insured entities, has partnered with Gwinnett County’s Meadowcreek High School and the United Way of Greater Atlanta for its 11th annual Global Day of Service event on October 19th. Employees in the Crawford Atlanta Support Center office and their families will take part in the school beautification project that will focus on six areas: garden trailer cleaning and painting, outside trail space beautification, outside learning space beautification, football field concession beautification, hygiene kits and career kits.

“Global Day of Service is a manifestation of our RESTORE values and an opportunity for us to share them with our community. We are excited to partner with United Way of Greater Atlanta and Meadowcreek High School,” said Crawford president and chief executive officer, Harsha V. Agadi.

Dr. Kevin Wood, principal at Meadowcreek High School, says “This project will provide Meadowcreek High School with an opportunity to bring students, teachers, parents and the community together to enhance and preserve the beautiful and healthy outdoor learning environments at our school. These updates will allow for teaching and learning to be enhanced beyond the regular classroom for all students. Partnerships are essential to the success of any school, and we are extremely thankful to United Way and Crawford & Company for this amazing opportunity to build relationships with our community that will last beyond this project. Our students and staff cannot wait to work with the volunteers.”
