

# Accountability Report

Issued 2018–19

## Winn Holt Elementary School

Ellyce Cone, *Principal*

Dr. Terry Watlington, *Assistant Superintendent*

### Local school improvement connected to district's strategic direction

Gwinnett County Public Schools' accountability system for improving schools is called the Results-Based Evaluation System (RBES). RBES fairly and systematically measures a school's progress, providing a process that clearly communicates expectations; reviews, monitors, and supports school performance; and evaluates that performance. This report reflects achievement data and state data reporting from the 2017–18 school year, as well as consolidated information on the school's effectiveness, based on multiple measures and student characteristics. Using the data in this report, school administrators, teachers, and parent advisory groups developed

this year's Local School Plans for Improvement (LSPI) which outline our improvement goals and guide the work we will do throughout the 2018–19 school year to support student learning. These improvement plans are connected to the school district's strategic direction and our core business of teaching and learning. Find our school's LSPI on the website. The Winn Holt school council and school leaders collaborated on the highlights in this accountability report, which also serves as the school's annual report. **Please review this report to learn more about our improvement efforts and progress.**

### The School Effect: Putting Winn Holt Elementary School's CCRPI score in context

The “school effect”— the impact of what happens in the classroom— acknowledges the work of our faculty and staff in meeting our students where they are academically, and helping them to make progress, no matter where they start. Schools all strive to add value to a child's education from year-to-year, causing students to make academic gains. One way to measure effectiveness in educating *all* students is to review a school's score on Georgia's College and Career Ready Performance Index (CCRPI), adjusting for the level of poverty at the school, to see the school effect on students' academic growth.

This graphic representation plots CCRPI scores for elementary schools in the state (gray dots) against the percentage of the student population receiving free-and-reduced-lunch (FRL Percentage), a measure of poverty. The plotted points form a trend line representing the typical achievement level of a school in Georgia with its level of student poverty. The graph shows how Winn Holt (represented by a large black diamond) and all GCPS elementary schools (maroon dots) fare when considering expected performance based on poverty measures. Dots above the line are higher-than expected scores and dots below the line reflect lower-than-expected scores. *Note: Georgia schools that serve breakfast and lunch to all students at no cost are not included in this comparison.*

## 2017–18 Results: Georgia Milestones Assessment System

### Georgia Milestones for Grades 3, 4, and 5

Last spring, Gwinnett students joined students across Georgia in taking state assessments called Georgia Milestones. This comprehensive assessment system measures how well students have learned the knowledge and skills outlined in the state-adopted content standards.

In April and May of 2018, students in grades 3 through 8 took an End of Grade (EOG) assessment in English language arts and mathematics while students in grades 5 and 8 also were assessed in science and social studies.

The higher bar for student proficiency set by Georgia Milestones is aimed at better preparing students for college and career and providing a more realistic picture of academic progress.

To learn more about Georgia Milestones, visit [testing.gadoe.org](http://testing.gadoe.org) and click on Georgia Milestones Assessment System.

About Milestones Achievement Levels	
The Milestones results are reported using four categories of achievement, described below. In previous state tests, achievement was reported in three categories (Does Not Meet, Meets, and Exceeds). Under the new system of reporting, proficiency is the target.	
The tables on this page show the percentage of students who achieved at the level of <b>Proficient Learner</b> or higher. Students who achieve at the Developing Learner or Beginning Learner need additional academic support to succeed at the next grade level.	
<b>Distinguished Learner:</b>	Student demonstrates advanced proficiency, and is <b>well prepared for the next grade level</b> and for college and career readiness.
<b>Proficient Learner:</b>	Student demonstrates proficiency, and is <b>prepared for the next grade level</b> and considered to be on track for college and career readiness.
<b>Developing Learner:</b>	Student demonstrates partial proficiency, and <b>needs additional academic support</b> to ensure success in the next grade level.
<b>Beginning Learner:</b>	Student does not yet demonstrate proficiency, and <b>needs substantial academic support</b> to be prepared for the next grade. (In the future, when these assessments are used to determine promotion, students in this level will not be promoted to the next grade.)

#### English Language Arts

Grade	Winn Holt	GCPS	State
3rd	36.0	47.1	37.0
4th	38.6	51.0	41.4
5th	35.6	51.4	41.0

#### Science

Grade	Winn Holt	GCPS	State
5th	38.4	51.6	39.5

#### Mathematics

Grade	Winn Holt	GCPS	State
3rd	47.0	56.2	45.8
4th	53.6	59.2	47.0
5th	34.2	48.9	38.7

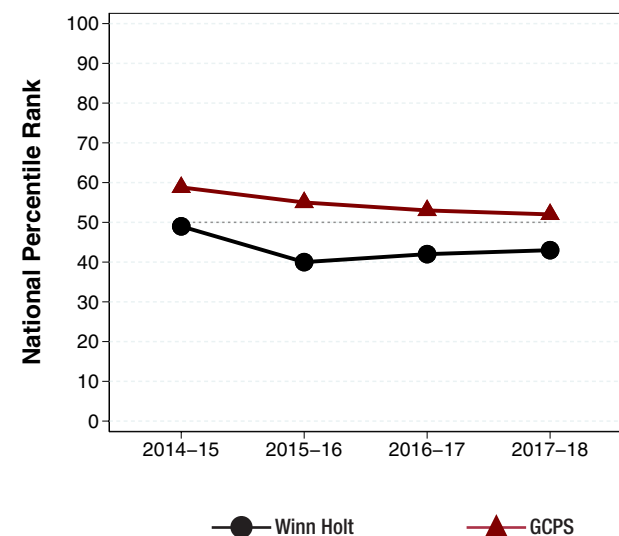

#### Social Studies

Grade	Winn Holt	GCPS	State
5th	28.0	38.7	30.0

The tables on this page show the percentage of students who achieved at the level of Proficient Learner or higher.

## 2017–18 Results: Norm-referenced Assessments: The Iowa Assessments

The Iowa Assessments measure a student's progress in key academic areas and allow for a comparison of their performance to that of students across the U.S. This nationally norm-referenced test was administered in Gwinnett in grades 2 and 5 in 2017–18. Results from the fall administration help identify students' areas of academic strength as well as areas that need improvement. Teachers and schools use these results during the school year to inform instruction and monitor growth. The Complete Composite results to the right reflect overall performance on tests covering a variety of skill areas, including reading, spelling and other language arts conventions, vocabulary, mathematics, science, and social studies. This graph shows the national percentile rank (NPR) of 5th graders' Complete Composite scores at Winn Holt Elementary and for GCPS as a whole over the last four years. An NPR of 50 marks typical achievement on the Iowa Assessments, and is represented by the dotted line in the graph to the right. For example, a Complete Composite NPR of 60 indicates that students at a school, on average, scored as well as or better than students at 60% of U.S. schools on the test.

## 2017–18 State Reporting: Georgia's College and Career Ready Performance Index (CCRPI)

The College and Career Ready Performance Index (CCRPI) is the state's accountability system. Redesigned in 2017–18, it assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The CCRPI recognizes a school's levels of student test performance as well as those students' improvements in performance across years and the school's progress in closing achievement gaps with traditionally underserved subgroups of students.

Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. For 2017–18, elementary schools earned up to a set number of points in four main categories, for a total of 100 possible points. Here are the factors considered in awarding points at the elementary school level in each category:

- **Content Mastery points** increase with greater percentages of students performing at high levels on the state's End of Grade (EOG) assessments.
- **Progress points** are tied to the level of academic progress students make from year to year.
- **Closing Gap points** are earned as schools work to close the gaps between different groups of students, including students learning English, students living in poverty, and students with disabilities.
- **Readiness points** take into account factors that have an impact on students' readiness for the next grade and school level, including reading ability associated with college- and career-readiness, attendance, and participation in enrichment courses in fine arts or world languages.

	Winn Holt	GCPS	State
<b>CCRPI Total Score</b>	<b>76.4</b>	<b>84.6</b>	<b>77.8</b>
Content Mastery (30%)	64.4	76.9	65.7
Progress (35%)	82.4	91.6	84.4
Closing Gaps (15%)	80.0	83.8	85.0
Readiness (20%)	81.1	84.5	79.1

*CCRPI Total Score is the sum of points in gray shaded cells. All CCRPI scores are out of 100 possible points. The Total Score is made up of four weighted subscores, each accounting for a percentage of the total score. The calculation for Winn Holt ES's Total Score of 76.4 is 30% of 64.4 + 35% of 82.4 + 15% of 80.0 + 20% of 81.1.*

### Star Ratings

Under CCRPI, schools are awarded star ratings in two areas— school climate and financial efficiency— using a five-star scale.

- **The School Climate rating** takes into account discipline and attendance data as well as perceptions of the quality and character of the school and its learning environment. Winn Holt was awarded a School Climate star rating of ★★★★★.
- **The Financial Efficiency rating** is a measure that compares a school's spending per student to the overall academic performance of its students. The School Financial Efficiency ratings for 2017–18 were not published at the time 2018 CCRPI results were released in the fall. Once available, parents can find them here: <http://www.gadoe.org/CCRPI/Pages/default.aspx>.

### Student Engagement

The Student Engagement Instrument (SEI) is a survey used to measure how engaged students are at school and with learning. When taking the SEI, students respond to items that cover a variety of topics related to their engagement in their education, including the level of support they receive from teachers, peers, and family, as well as their perceptions of school work and future educational goals. We measure student engagement at GCPS because it is related to important outcomes such as on-time graduation and postsecondary success. The bar graph below shows the average SEI Composite Score— a summary of a student's responses across all items on the SEI— for Winn Holt Elementary School compared with an average of results for all GCPS elementary schools. The Composite Score can range from 1.0 to 5.0, with higher scores reflecting stronger student engagement.

# Winn Holt Elementary School

## Other 2017–18 Highlights...

- Winn Holt Elementary earned recognition from the Georgia Department of Education as a 2017–18 Reward School in the “High Progress” category. The award honors schools among the top 10% of Title I schools in the state making the most progress in improving performance of the “all students” group over three years on statewide assessments.
- Winn Holt was recognized by the Gwinnett County Board of Education for its Relay For Life fundraising efforts, raising more than \$10,000 to support cancer research.
- Winn Holt Elementary was recognized by the Georgia Department of Education with Operational status for implementation of Positive Behavioral Interventions and Support (PBIS).
- Winn Holt Elementary was the beneficiary of a book grant from Lawrenceville First Baptist Church’s First Book Club. Each student in the school received 12 books, free of charge, to enjoy over the summer.
- As part of the Great Days of Service, Winn Holt students collected just over 4,500 canned goods which were donated to the Lawrenceville Co-op.
- A group of 55 teachers attended Winn Holt’s 7th Annual REACH Conference at the end of May, providing teachers an opportunity to collaboratively plan in support of the school’s Local School Plan for Improvement (LSPI) goals.
- For the 10th consecutive year, Winn Holt Elementary was recognized as a Reaching Higher Green and Healthy School in the Environmental Achievement Awards sponsored by Gwinnett Clean & Beautiful.
- Selected students in grades 2–5 had the opportunity to participate in our Extended Learning Programs which were offered during both the Fall and Winter semesters. Highly qualified teachers worked with students for two additional hours of instruction each week in identified academic areas of need.
- Many students in grades K–5 participated in Extracurricular Clubs offered at Winn Holt. These clubs included Royal Readers, the Recycling Club, Chorus, Percussion Ensemble, various levels of Coding Clubs, Technology Club, Quizzlers’ Club, Running/Walking Club, and National Junior Beta Club.
- Selected students in grades 4 and 5 were invited to join one of our student leadership teams— Women of Wonder and Young Men in Leadership. Students in these two leadership-centered programs participated in the countywide Gwinnett Student Leadership Conference.

## 2017–18 Staff Data

Staff Certification Level

Experience in Education

## Student Data (2015–16 to 2017–18)

	School Year		
	15–16	16–17	17–18
<b>Enrollment</b>	1223	1144	1168

## School Safety Perceptions

Based on responses from those with an opinion who responded to the 2017–18 RBES Perception Survey...

- 90.9% of students agreed or strongly agreed that they felt safe at Winn Holt Elementary.
- 98.8% of parents agreed or strongly agreed that their child’s school was safe.

*The mission of Gwinnett County Public Schools is to pursue excellence in academic knowledge, skills, and behavior for each student, resulting in measured improvement against local, national, and world-class standards.*
