

# Help students get the academic support they need with **Tutor.com Study Skills Coaching**

Today's students have diverse needs. Whether they are transitioning to middle school, high school, or college, are adults balancing work with school and family life, or are seeking to lower stress and improve academic performance, they can all benefit from personalized study skills coaching.

Designed to help students organize, prioritize, and achieve their academic goals, Tutor.com Study Skills Coaching offers guidance and reassurance for students of all backgrounds. Our coaches can help students take better notes, get more organized, set achievable goals, study smarter, and research more effectively.

## **STUDY SKILLS TOPIC AREAS**

**Getting Organized:** Time management, scheduling and planning, reminders and alerts

**Taking Notes:** Outlining, mapping, and more

**Setting Goals:** Achievable goals & benchmarks, staying on track, and college planning

**Studying Effectively:** "Budgeting" the workload and study methods & techniques

**Conducting Research:** Locating and identifying scholarly resources, using proper citations, and avoiding plagiarism

## **ABOUT OUR STUDY SKILLS COACHES**

Tutor.com's Study Skills Coaches are qualified and prepared to help students build the foundations for academic success. These tutors meet the same rigorous standards of all our highly qualified tutors, but have also successfully completed comprehensive assessments designed by Study Skills and Student Success content experts.
