

Accountability Report

Issued 2017–18

Baldwin Elementary School

Dr. Brenda F. Johnson, *Principal*

Dr. Donna Ledford, *Assistant Superintendent*

Local school improvement connected to district's strategic direction

Gwinnett County Public Schools' accountability system for improving schools is called the Results-Based Evaluation System (RBES). RBES fairly and systematically measures a school's progress, providing a process that clearly communicates expectations; reviews, monitors, and supports school performance; and evaluates that performance. This report reflects achievement data and state data reporting from the 2016–17 school year, as well as consolidated information on the school's effectiveness, based on multiple measures and student characteristics. Using the data in this report, school administrators, teachers, and parent advisory groups developed

this year's Local School Plans for Improvement (LSPI) which outline our improvement goals and guide the work we will do throughout the 2017–18 school year to support student learning. These improvement plans are connected to the school district's strategic direction and our core business of teaching and learning. Find our school's LSPI on the website. The Baldwin school council and school leaders collaborated on the highlights in this accountability report, which also serves as the school's annual report.

Please review this report to learn more about our improvement efforts and progress.

About School Improvement and the School Effect

2016–17 Results

2016–17 State Reporting

2016–17 Highlights

The School Effect: Putting Baldwin Elementary School's CCRPI score in context

The “school effect”— the impact of what happens in the classroom— acknowledges the work of our faculty and staff in meeting our students where they are academically, and helping them to make progress, no matter where they start. Schools all strive to add value to a child's education from year-to-year, causing students to make academic gains. One way to measure effectiveness in educating *all* students is to review a school's score on Georgia's College and Career Ready Performance Index (CCRPI), adjusting for the level of poverty at the school, to see the school effect on students' academic growth.

This graphic representation plots CCRPI scores for elementary schools in the state (gray dots) against the percentage of the student population receiving free-and-reduced-lunch (FRL Percentage), a measure of poverty. The plotted points form a trend line representing the typical achievement level of a school in Georgia with its level of student poverty. The graph shows how Baldwin (represented by a large black diamond) and all GCPS elementary schools (maroon dots) fare when considering expected performance based on poverty measures. Dots above the line are higher-than expected scores and dots below the line reflect lower-than-expected scores. *Note: Georgia schools that serve breakfast and lunch to all students at no cost are not included in this comparison.*

2016–17 Results: Georgia Milestones Assessment System

Georgia Milestones for Grades 3, 4, and 5

Last spring, Gwinnett students joined students across Georgia in taking state assessments called Georgia Milestones. This comprehensive assessment system measures how well students have learned the knowledge and skills outlined in the state-adopted content standards.

In May of 2017, students in grades 3 through 8 took an End of Grade (EOG) assessment in English language arts and mathematics while students in grades 5 and 8 also were assessed in science and social studies.

The higher bar for student proficiency set by Georgia Milestones is aimed at better preparing students for college and career and providing a more realistic picture of academic progress.

To learn more about Georgia Milestones, visit testing.gadoe.org and click on Georgia Milestones Assessment System.

About Milestones Achievement Levels

The Milestones results are reported using four categories of achievement, described below. In previous state tests, achievement was reported in three categories (Does Not Meet, Meets, and Exceeds). Under the new system of reporting, proficiency is the target.

The tables on this page show the percentage of students who achieved at the level of **Proficient Learner** or higher. Students who achieve at the Developing Learner or Beginning Learner need additional academic support to succeed at the next grade level.

Distinguished Learner: Student demonstrates advanced proficiency, and is **well prepared for the next grade level** and for college and career readiness.

Proficient Learner: Student demonstrates proficiency, and is **prepared for the next grade level** and considered to be on track for college and career readiness.

Developing Learner: Student demonstrates partial proficiency, and **needs additional academic support** to ensure success in the next grade level.

Beginning Learner: Student does not yet demonstrate proficiency, and **needs substantial academic support** to be prepared for the next grade. (In the future, when these assessments are used to determine promotion, students in this level will not be promoted to the next grade.)

English Language Arts

Grade	Baldwin	GCPS	Georgia
3rd	31.0	43.2	36.1
4th	40.5	50.5	41.6
5th	26.5	46.3	38.2

Science

Grade	Baldwin	GCPS	Georgia
5th	28.8	49.0	39.4

Mathematics

Grade	Baldwin	GCPS	Georgia
3rd	41.6	52.3	42.5
4th	50.0	57.1	44.7
5th	37.8	47.2	37.1

Social Studies

Grade	Baldwin	GCPS	Georgia
5th	17.1	40.0	29.5

The tables on this page show the percentage of students who achieved at the level of Proficient Learner or higher.

2016–17 Results: Norm-referenced Assessments: The Iowa Assessments

The Iowa Assessments measure a student's progress in key academic areas and allow for a comparison of their performance to that of students across the U.S. This nationally norm-referenced test was administered in Gwinnett in grades 2 and 5 in 2016–17. Results from the fall administration help identify students' areas of academic strength as well as areas that need improvement. Teachers and schools use these results during the school year to inform instruction and monitor growth. The Complete Composite results to the right reflect overall performance on tests covering a variety of skill areas, including reading, spelling and other language arts conventions, vocabulary, mathematics, science, and social studies. This graph shows the national percentile rank (NPR) of 5th graders' Complete Composite scores at Baldwin Elementary and for GCPS as a whole over the last four years. An NPR of 50 marks typical achievement on the Iowa Assessments, and is represented by the dotted line in the graph to the right. For example, a Complete Composite NPR of 60 indicates that students at a school, on average, scored as well as or better than students at 60% of U.S. schools on the test.

2016–17 State Reporting: Georgia’s College and Career Ready Performance Index (CCRPI)

College and Career Ready Performance Index (CCRPI) is Georgia’s statewide accountability system. CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students.

The index measures progress on accountability indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. For 2016–17, schools may earn up to a set number of points in three main categories

(achievement, progress, and achievement gap), for a total of 100 possible points, with an additional 10 possible challenge points.

At the elementary school level, schools earn CCRPI achievement points tied to a number of factors, including the percentages of students meeting or exceeding standards on state assessments, the percentage of students reading at grade level, the percentage of students missing six or fewer days during the school year, the percentage of students learning English who are making academic progress, the percentage of students with disabilities who participate in the general education setting, and the percentage of students scoring in the Proficient Learner or Distinguished Learner achievement levels on the Georgia Milestones assessment.

Progress points are tied to the level of academic progress students make from year to year, while achievement gap points are earned as schools work to close the gaps between student subgroups. Challenge points reflect a school’s participation levels and achievement results for students with economic disadvantages (ED), English learners (EL), and students with disabilities (SWD).

In addition, schools may earn challenge points when they “exceed the bar” for participation levels in world languages and fine arts courses. Schools in which teachers use data for planning individualized instruction and those with STEM certification may earn extra points as well. Innovative practices with demonstrated achievement gains as well as interventions that result in a positive school climate also may earn challenge points.

	Baldwin	GCPS	Georgia
CCRPI Total Score (out of 110 possible points)	71.7	82.3	72.9
Achievement Points (out of 50)	27.7	34.5	31.3
Progress Points (out of 40)	35.2	36.6	34.3
Achievement Gap Points (out of 10)	6.7	6.7	6.7
Challenge Points (out of 10)			
ED/EL/SWD Performance– 1.6	2.1	4.5	0.6
Exceeding the Bar– 0.5			
<i>CCRPI Total Score is the sum of points in gray shaded cells.</i>			

Star Ratings

Under CCRPI, schools are awarded star ratings in two areas— school climate and financial efficiency— using a five-star scale. Ratings range from a half-star to five stars.

- **The School Climate rating** takes into account discipline and attendance data as well as perceptions of the quality and character of the school and its learning environment.
- **The Financial Efficiency rating** is a measure that compares a school’s spending per student to the overall academic performance of its students. The rating is calculated using three-year averages of spending and CCRPI scores.

The School Climate and Financial Efficiency ratings for 2016–17 were not published at the time 2017 CCRPI results were released in fall. Once available, parents can find them here: <http://www.gadoe.org/CCRPI/Pages/default.aspx>

Student Engagement

The Student Engagement Instrument (SEI) is a survey used to measure how engaged students are at school and with learning. When taking the SEI, students respond to items that cover a variety of topics related to their engagement in their education, including the level of support they receive from teachers, peers, and family, as well as their perceptions of school work and future educational goals. We measure student engagement at GCPS because it is related to important outcomes such as on-time graduation and postsecondary success. The bar graph below shows the average SEI Composite Score— a summary of a student’s responses across all items on the SEI— for Baldwin Elementary School compared with an average of results for all GCPS elementary schools. The Composite Score can range from 1.0 to 5.0, with higher scores reflecting stronger student engagement.

Baldwin Elementary School

Other 2016–17 Highlights...

- In its inaugural year, Baldwin engaged our new school community by inviting students, parents, and community members to an Open House to preview our new state-of-the-art facility.
- In September, we welcomed more than 1,000 guests for our Dedication Ceremony where we honored our namesake and living legend, Mrs. Beauty P. Baldwin.
- Baldwin Elementary implemented Spanish Dual Language Immersion (DLI) during the 2016–17 school year. Spanish DLI is a form of bilingual education in which a child who does not speak Spanish as his or her first language receives instruction in school in Spanish. Students spend part of the day studying math and science in Spanish and the other 50% of the day learning language arts, social studies, and other subjects in English. Students start the DLI program in kindergarten and continue their Spanish immersion experience each subsequent school year.
- Baldwin Elementary received a technology grant from the Upsilon Alpha Omega Chapter of Alpha Kappa Alpha Sorority, Inc.
- Math Specialist Kara Gazaway was selected by her peers to represent the school as Baldwin Elementary's very first Teacher of the Year.
- All students participated in Humanities enrichment courses, including foreign language (Spanish), STEM, Math, Art, Music, eCLASS Technology, and Physical Education.
- Baldwin offered extracurricular opportunities, including Art Club, Chorus, Wizzle Pro, STEM Club, Spanish Club, and Running Club.
- Coach Ken Almon and our Running Club won 1st place and a \$1,500 prize in Lt. Gov. Cagle's Be Healthy Georgia Day event!
- Our Parent Center offered workshops to increase parent capacity and support in the areas of math, literacy, and technology. In addition, our Parent Liaison offered English classes.
- Strong participation and high attendance marked our first annual community events— Read Around the Campfire, Math Night, and International Night.
- Baldwin received a United Way award for setting and meeting a fundraising goal of \$2,000.
- Baldwin received more than 30 ViewPath cameras for the classrooms. The cameras allow teachers to extend learning beyond the classroom. Using ViewPath, students can access live and recorded lessons on their eCLASS page from home or anywhere around the globe!
- Baldwin Elementary was honored to host GCPS' Substitute Job Fair. A record number of participants attended the fair, making it a huge success for the district.

2016–17 Staff Data

Staff Certification Level

Experience in Education

Student Data (2014–15 to 2016–17)

	School Year		
	14–15	15–16	16–17
Enrollment			1078
+American Indian/Alaskan Native*			0%
+Asian*			5%
+Black/African American*			14%

Free/Reduced Lunch			93%
Average Attendance			95%

*Not Hispanic or Latino

School Safety Perceptions

Based on responses from those with an opinion who responded to the 2016–17 RBES Perception Survey...

- 93.5% of students agreed or strongly agreed that they felt safe at Baldwin Elementary.
- 99.2% of parents agreed or strongly agreed that their child's school was safe.

The mission of Gwinnett County Public Schools is to pursue excellence in academic knowledge, skills, and behavior for each student, resulting in measured improvement against local, national, and world-class standards.
