Local School Plan for Improvement

J. E. Richards Middle School

Mark McCain, *Principal*

Peggy Goodman, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

• Long Term Goal

Richards Middle School will annually increase student achievement in Math for all students and each subgroup, enabling all students to be proficient or distinguished on the Georgia Milestones by 2021 and readying them for high school academic rigor and further success in college, career, and life.

o Annual Goal

Richards Middle School students will demonstrate mastery in mathematics with at least 50% (1117) of grades 6-8 students scoring Proficient and/or Distinguished on the EOG and/or EOC GA Milestones. A minimum of 20% of 7th (146) and 20% (148) of 8th grade students will score in the distinguished performance level. A minimum of 15% (115) of 6th grade students will perform at the distinguished level. 50% (1117) of all Math students will also perform at or above the proficiency performance level on the GCPS District Assessment semester post-tests, with 20% of students in 7th and 8th recognized as distinguished, and 15% of students in 6th grade recognized as distinguished.
